

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

REGION 2

HEINZ AVE., SUITE 200
ELEY, CA 94710-2737

March 8, 1993

Ms. Louise T. Lew
Code 1811
Naval Facilities Engineering Command
Western Division
900 Commodore Drive
San Bruno, California 94066-2402

Dear Ms. Lew:

**DRAFT FINAL SOLID WASTE ASSESSMENT TEST REPORT, PHASES 5 AND 6,
RI/FS, NAVAL AIR STATION, ALAMEDA**

The Department of Toxic Substances Control (DTSC) has reviewed the Response to Comments on the Draft Final Solid Waste Assessment Test (SWAT) Report RI/FS Phases 5 and 6. This Report serves a dual purpose as part of the Remedial Investigation and a SWAT. The Department approves the Phase 5 and 6 Report as part of the Remedial Investigation. The California Regional Water Quality Control Board, San Francisco Bay Region will act separately on the acceptance of the SWAT.

Sites 1 and 2, however, are not fully characterized and will be the subject of continued investigation. Follow on Work Plans for Phases 5 and 6 are currently being developed by the Navy's contractors PRC and Montgomery Watson.

If you have any questions or require further assistance, please call me at (510) 540-3809.

Sincerely,

A handwritten signature in cursive script, reading "Thomas P. Lanphar", is positioned above the typed name and title.
